PAID SICK LEAVE AND EXPANDED FAMILY AND MEDICAL LEAVE UNDER THE FAMILIES FIRST CORONAVIRUS RESPONSE ACT

The **Families First Coronavirus Response Act (FFCRA or Act)** requires certain employers to provide their employees with paid sick leave and expanded family and medical leave for specified reasons related to COVID-19. These provisions will apply from April 1, 2020 through December 31, 2020.

▶ PAID LEAVE ENTITLEMENTS

Generally, employers covered under the Act must provide employees:

Up to two weeks (80 hours, or a part-time employee's two-week equivalent) of paid sick leave based on the higher of their regular rate of pay, or the applicable state or Federal minimum wage, paid at:

- 100% for qualifying reasons #1-3 below, up to \$511 daily and \$5,110 total;
- ⅔ for qualifying reasons #4 and 6 below, up to \$200 daily and \$2,000 total; and
- Up to 12 weeks of paid sick leave and expanded family and medical leave paid at ⅔ for qualifying reason #5 below for up to \$200 daily and \$12,000 total.

A part-time employee is eligible for leave for the number of hours that the employee is normally scheduled to work over that period.

▶ ELIGIBLE EMPLOYEES

In general, employees of private sector employers with fewer than 500 employees, and certain public sector employers, are eligible for up to two weeks of fully or partially paid sick leave for COVID-19 related reasons (see below). *Employees who have been employed for at least 30 days prior to their leave request may be eligible for up to an additional 10 weeks of partially paid expanded family and medical leave for reason #5 below.*

▶ QUALIFYING REASONS FOR LEAVE RELATED TO COVID-19

An employee is entitled to take leave related to COVID-19 if the employee is unable to work, including unable to **telework**, because the employee:

▶ ENFORCEMENT

The U.S. Department of Labor's Wage and Hour Division (WHD) has the authority to investigate and enforce compliance with the FFCRA. Employers may not discharge, discipline, or otherwise discriminate against any employee who lawfully takes paid sick leave or expanded family and medical leave under the FFCRA, files a complaint, or institutes a proceeding under or related to this Act. Employers in violation of the provisions of the FFCRA will be subject to penalties and enforcement by WHD.

Regarding the “Employee Rights” Paid Sick Leave and Expanded Family Medical Leave Under the Families First Coronavirus Response Act (FFCRA), please be advised that further definition of “certain employers” who may be excluded by their employer from FFCRA has been released by the Department of Labor.

Please see the following definition and language provided from the Department of Labor (DOL) regarding the FFCRA:

56. Who is a “health care provider” who may be excluded by their employer from paid sick leave and/or expanded family and medical leave?

“For the purposes of employees who may be exempted from paid sick leave or expanded family and medical leave by their employer under the FFCRA, a health care provider is anyone employed at any doctor’s office, hospital, health care center, clinic, post-secondary educational institution offering health care instruction, medical school, local health department or agency, nursing facility, retirement facility, nursing home, home health care provider, any facility that performs laboratory or medical testing, pharmacy, or any similar institution, employer, or entity. This includes any permanent or temporary institution, facility, location, or site where medical services are provided that are similar to such institutions.

This definition includes any individual employed by an entity that contracts with any of the above institutions, employers, or entities institutions to provide services or to maintain the operation of the facility. This also includes anyone employed by any entity that provides medical services, produces medical products, or is otherwise involved in the making of COVID-19 related medical equipment, tests, drugs, vaccines, diagnostic vehicles, or treatments. This also includes any individual that the highest official of a state or territory, including the District of Columbia, determines is a health care provider necessary for that state’s or territory’s or the District of Columbia’s response to COVID-19.

To minimize the spread of the virus associated with COVID-19, the Department encourages employers to be judicious when using this definition to exempt health care providers from the provisions of the FFCRA.”
